AL GB ALUMINUM STANDARD TRUCK BED

Hard work and attacking the open road are two great feats that can be accomplished with the ALGB. Whether you're on the jobsite or playing in the mud on the weekends, our ALGB offers higher payload and towing capacities than any unit on the market today. Best of all, our one-piece headache racks and extruded tongue-and-groove aluminum floors are essential to ensuring you can haul the heavy equipment you need on your aluminum body.
